Producing Healthy and
Vigorous Seed*

GROWN AND SHIPPED BY

A. G. ALDRIDGE SONS
FISHERS, N. Y.
(ONTARIO COUNTY)

SUCCESSORS TO A. G. ALDRIDGE

Established 1889

EARLY OHIO

This variety in season is **extra early**, and we find by growing that it is one of the earliest. It yields well and will always be ready for market early while prices are high. Color, light pink; flesh very white and floury. One of the best for early garden purposes. Give it a trial.

NOROTON BEAUTY

For the first time in several years we are able to offer limited quantities genuine Noroton Beauty. This round white variety has pink eyes, is first early, best cooker, and a heavy yielder.

IRISH COBBLER

Our biggest selling early variety. Nationally popular for early market.

OTHER STANDARD EARLY VARIETIES

BLISS TRIUMPH	BEAUTY OF HEBRON	EARLY ROSE	BOVEE
EARLY SIX WEEKS	EUREKA	EARLY HARVEST	STRAY BEAUTY

Pure Strain Brand Certified Seed Potatoes

FISHERS, N. Y.

GREETINGS!

We present this, our twenty-fifth annual catalog, with a great measure of confidence, for the stock which we have in storage is of the best quality and produced from the highest-yielding and most disease-free strains of seed.

It is ever our purpose to give our customers value received for their money, and to this end we give special attention to the production and grading of our seed stock.

We are striving each year to produce our seed better than the preceding year, and at the lowest possible cost.

We take this opportunity to thank our many patrons and friends for the orders given us, and if we can always satisfy our customers as well as we did in 1924, we will feel rewarded for our efforts.

The greatest measure of satisfaction we can offer is that out of the many thousand sacks of Pure Strain Brand Seed shipped last year not one complaint resulting from a dissatisfied customer was received.

GREEN MOUNTAIN

Round, white, late, main crop variety of unusual quality for table use. Easy to harvest, good keeper and very productive. Green Mountain always brings the highest market price and makes a satisfied customer.

MEDIUM LATE VARIETIES

WHITE MAMMOTH
SPAULDING ROSE

GOLD COIN

Pure Strain Brand Certified Seed Potatoes

All certified seed potatoes sold by us are inspected, guaranteed, and certified by the New York Seed Improvement Co-Operative Association, of which we are members. It rests entirely with the certification board of the Association which field shall pass the standards and be sold as certified seed. Seed which contains more than the following percentages of diseases will be disqualified and cannot be sold as certified seed:

DISEASE	First %	Second %	Third %
Mosaic and Streak.....	4	3	
Leaf Roll	2	1	
Spindle Tuber	3	3	2
Yellow Dwarf	1	1	1
All these Combined.....	5	4	
Wilt	2	2	
Stem End Browning			5
Black Leg	2	1	
Weak Plants	2	2	
Varietal Mixture	3	0.5	0.5
Late Blight Rot.....			<div style="display: flex; align-items: center;"> <div style="font-size: 2em; margin-right: 5px;">}</div> <div> 2 in bin 5 in field </div> </div>

RUSSET

This round white rusty skin variety is giving excellent satisfaction here. The vines are stocky and thrifty, and not susceptible to blight or disease of any kind. The tubers grow round and plump, and are of excellent cooking quality. It is an easy potato to harvest, will keep late in spring without sprouting, and is one of the best varieties at the present time.
